THE TURF.

Potomac's Record-Breaking Performance at Brighton.

DOMO'S SARATOGA DEFEAT.

Airshaft Improving---No Assassination for Father Bill Daly.

Potomac ran a mile in 1:40 flat yesterday beating the Brighton Beach track record for a mile and defeating the black son of Sensation and Peggy Dawdle in handily fashion. The race on paper looked a good thing for team-taka, from the manner in which he defeated Lizzie and Mabel Green on Monday. Then he ran under a pull the entire distance and won hands down in the fast time of 1:48 for a mile and a sixteen. It's a pity that Mart Bergen did not have the mount on team-taka he understands the horse thoroughly, and it was this knowledge that enabled him to win last year's Suburban with the son of Sensation. McBernett rode the horse yesterday, and rode him badly. That is, he used poor judgment. Lontakas has won all his races by waiting until the final quarter, where his great speed usually won him the race. Yesterday McBernett went to the front after half a mile had been run and cut out a hot pace. This killed his chances completely. Lambley rode a beautiful race on Potomac, nursing him carefully until the stretch was reached, and then coming away. He cut across Lontakas at the last sixteenth pole and plainly fouled the black. Though McBernett claimed foul, Judge Wheeler would not allow it, and rightly so, for Lontakas was beaten when the foul occurred. Of course, a strict interpretation of the rules would have disqualified Potomac, but it would have been a manifest injustice to Potomac's backers.

Mr. M. E. Dwyer, Potomac's owner, backed the St. Blaise colt heavily. Pittsburgh Phil made the rounds of the city pool-rooms in the morning and wagered about \$1,000 on Potomac at the average odds of 8 to 5. The public's money made Lontakas a slight favorite, and had Bergen been up they would have cashed their tickets.

owner of Major Domo is out just \$1,500, and the verdict is that "I served him right."

After Watterson and Lord Darnley finished in front of 14,000 in the fifth race at Brighton yesterday there was a deathlike stillness. Father Bill Daly looked unusually grim, and the crowd waited breathlessly for the report of a platen followed by an agonizing scream of pain from the Hartford terminus. Nothing happened, however, and Father Bill Daly was seen to leave the track. The crank who intended to kill Bill Daly in case count did not win did not appear.

John Pagan is doing some very cheering just now, and he is keeping his own and working hard. Owners are beginning to realize his ability and he is getting a great many mounts. Yesterday Pagan landed Thiers L. and Watterson winners. If he can do a creditable job he has a good future before him.

There was no excuse for such a defeat as was遭受ed with such severity by the two favorites in the race to the observer. It looked as though Starcer Howe had lost his temper when he dropped the flag with the field strung out.

Sergento and Eric pulled up very lame after the last race yesterday.

Airshaft is improving. He can run even on Monday, but the talent evidently regarded that as a blisk, for they let him severely punishment in the opening days. He has turned out a winner in every race since. Freely surprised, his owners say, he is running in most impressive style at the head of the stretch. He was just galloping at that point and it is believed overtake him. The boy is holding usually runs first and gains to the end, and his strides step mystified his owners.

Tremendous Oil Fire.

Twenty Tanks Burning—Set Ablaze by a Lightning Strike.

BY ASSOCIATED PRESS.

PITTSBURGH, July 28.—During the prevalence of a thunder-storm which swept over the Southwestern oil-field yesterday afternoon lighting struck tank No. 17 of the Southwest Pennsylvania Pipe Line Company, six miles from Washington.

The tank contained 27,000 barrels of oil, and when it burst the burning fluid spread to twenty tanks in the vicinity and soon all were afire. The conflagration was still raging at 10 o'clock, notwithstanding the efforts of 300 men who have been fighting it since yesterday.

The fire is so intense that trams cannot approach within an eighth of a mile of the scene and passengers on the Washington branch of the Penn Railroad were unable to reach their destinations last night.

Died in the Fourth Year.

BY ASSOCIATED PRESS.

BROOKLYN, July 28.—William Sullivan, more familiarly known as "Uncle Jim," died at Fairport, near this city, yesterday at 108 years. Mr. Sullivan was born in New Jersey, Dec. 2, 1784.

Murderer Cal Wood Must Die.

BY ASSOCIATED PRESS.

WATERPORT, July 28.—Flower, in the case of Cal Wood, condemned to be executed at Clinton Prison for the murder of Pase, desisted to allow the law take its course.

WALL ST. STOCK REPORTS.

Buying Shares on Favorable Crop Statistics.

Coalers Particularly Strong, Though Another Advance Is Denied.

Western Union and Missouri Pacific Lead in the Later Trading.

Wall Street, Thursday, July 28.—The bulls went to work in earnest this morning. Having been assured that recent reports about damage to the crop crops were to blame, they bought with more confidence than for some time past. The dealings were unusually well distributed and speculation was strong to buyout.

Sales up to noon were 8,000 shares. At

one time the market was weakened temporarily by a drop in Sugar from 105 $\frac{1}{2}$ to 103 $\frac{1}{2}$,but the stock rallied to 104 $\frac{1}{2}$ and the general

list sold higher before.

Although the sale agents of the coal companies to-day voted unanimously against a further advance in prices, the an-brake coal stocks were noticeably strong. Lakawanna jumped from 157 to 159 $\frac{1}{2}$ without bringing out much stock. The Eastern sales agents voted to fix the production for August at 5,000,000 tons, which is the same as August, 1891.Baltimore & Ohio advanced 2 $\frac{1}{2}$ per cent.The Minneapolis & St. Louis shares improved 1 $\frac{1}{2}$ a $\frac{1}{2}$. There was a good demand generally,

and the commission houses executed several orders for local and western account.

Estimates of gold shipments by Standard

yesterday vary from two to three millions of dollars. Few nations are making up account

of the uncertainty in regard to the Antioch bill and exchange is scarce. Still enough bills appear to meet the mean time to

the New York Stock Exchange has listed

\$10,000 additional first consolidated mortgagage, 5 percent, gold bonds of the Nashville, Chattanooga & St. Louis road, making total to date \$4,145,000.

As the day wore along the demand for stocks became more urgent, and prices rose steadily throughout the session. A feature of the trading was the buoyancy of the coal stocks, Missouri Pacific and Western Union both leading in this respect. The former had a large gain, and the latter, to a degree, a rise of 1 $\frac{1}{2}$ and 1 $\frac{1}{2}$, respectively, for the day.

Sugar surprised its friends less than the shorts. The price advanced from the time the market opened in different ways over the day, though in different ways.

Taken altogether, the dealings were better distributed and the interest in the market more general than in previous days.

It appears that the east sales agents of the anthracite companies did not think it wise to make any advance at this time, and that the short position in price has not been wholly abated but only deferred.

The American District Telegraph directors

have declared a dividend of 1 $\frac{1}{4}$ per cent.

New Yorkers After a Coal Mine.

BY ASSOCIATED PRESS.

ST. JOHN, N. B., July 28.—Negotiations are on for the purchase by a syndicate of New

York capitalists of the Joggins coal mine, railway and other mining property at the Joggins River.

May Be an Amalgamation of Interests in the Big Companies.

MONTREAL, July 28.—J. C. Fargo, of the

National Express Company, and H. G. Jullier,

of the Canadian Express Company, are in

consultation here with Gilman Cheney, of

the Canadian Express, and H. J. Sergeant,

of the Grand Trunk, with a view to amalgamation of express interests.

Stevenson to Visit Louisville.

BY ASSOCIATED PRESS.

LOUISVILLE, Ky., July 28.—Vice-Presidential Candidate Adlai E. Stevenson will be here Aug. 4 at the dedication of the Witterton Club building.

The Governor and State officials, all living ex-governors and Lieutenant-Governors, the Legislature and the Kentucky Congressmen are expected.

Evansville, Ind., July 28.—John Robinson and William K. Kellogg, both of whom

had been engaged together in Kurtz's affairs,

arrived and departed apart from Mrs. Kurtz,

as Mr. Robinson formed an attachment with her.

The Governor and State officials, all living

ex-governors and Lieutenant-Governors, the

Legislature and the Kentucky Congressmen

are expected.

Twelve refused to work without protection

of the troops. A guard of ten was left there

to protect the employees. No more prisoners

will be paroled.
